

ALUMNI ENGAGEMENT PLATFORM

Built for institutions that never lose touch.

Membership dues, fundraising campaigns and alumni community — one platform, branded to your institution.

Dues Collection

Community

A PROPOSAL FOR OLD STUDENT & ALUMNI ASSOCIATIONS

CONNECTIONS THAT LAST

Every graduate, one network.

THE CHALLENGE

Running an alumni association shouldn't feel like this.

04

PROBLEMS WE HEAR
MOST OFTEN

Manual dues collection

Cash and bank slips reconciled by hand, with no reliable record of who has actually paid.

Scattered communication

Alumni spread across WhatsApp groups, email lists and word of mouth, with no single channel.

No central member database

Contact details, class years and payment history live in separate spreadsheets, if anywhere.

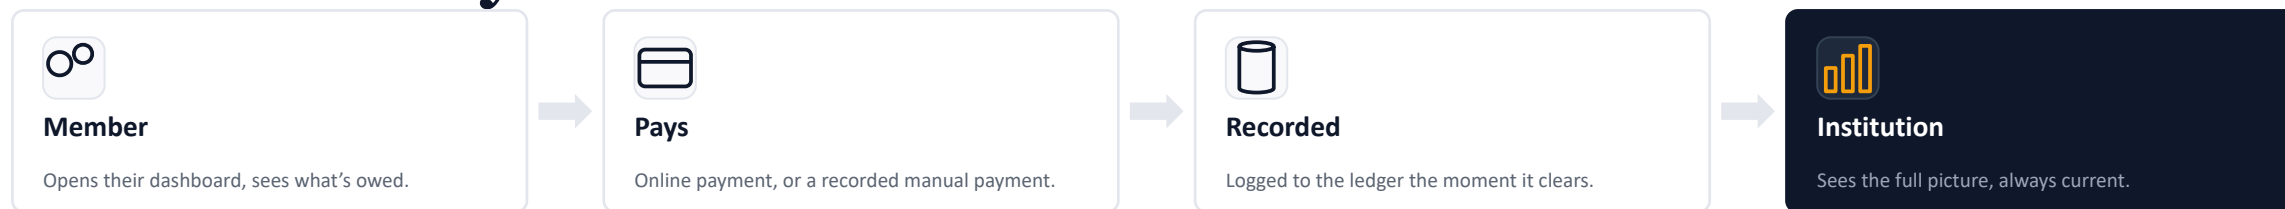

No visibility for leadership

No clear, up-to-date view of contributions or campaign progress when reporting to the board.

MEMBERSHIP & DUES

Every cedi collected, tracked automatically.

WHAT MAKES IT AUTOMATIC

Online payment collection

Members pay by card or mobile money and see confirmation instantly.

Automatic renewal tracking

Each member's dues status rolls over period to period automatically.

Pensioner & discounted rates

A separate rate applies automatically for eligible members.

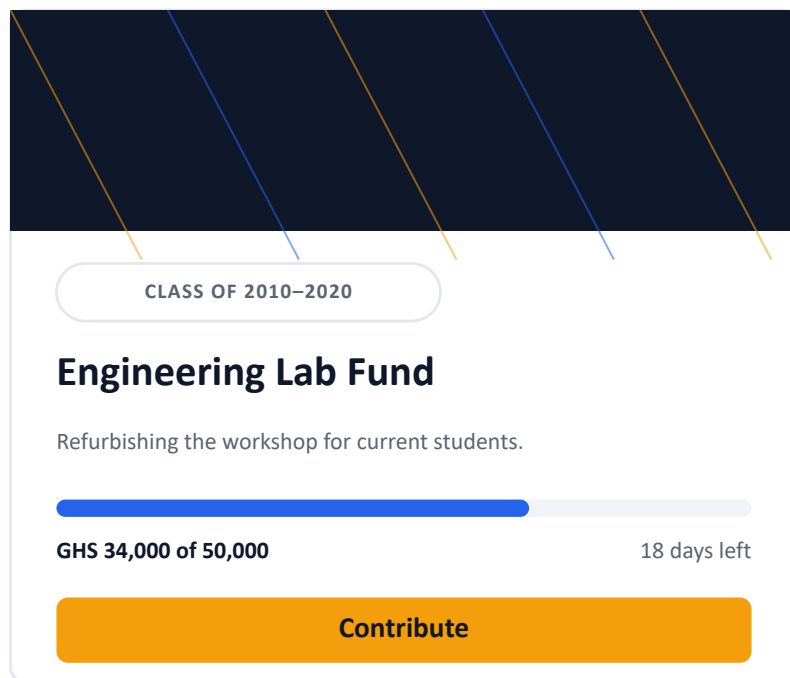

Arrears tracking

Unpaid years are flagged on the member's record automatically.

FUNDRAISING CAMPAIGNS

Launch a drive, watch it grow.

Illustrative sample — not real data

**Targeted by class year**

Aim a drive at every member, or just the classes most likely to give.

**Live progress tracking**

Every contributor sees the running total move — momentum sells itself.

**Online and manual payment options**

Card, mobile money, or a recorded cash/transfer gift — whichever suits the giver.

**Disbursement tracking**

See exactly what's been forwarded to the institution's bank account.

COMMUNITY ENGAGEMENT

Keep every alumnus connected.

Beyond dues — a reason for alumni to open the app more than once a year.

Job Board

Alumni post and find opportunities within the network.

Events & RSVP

Reunions and gatherings with capacity and attendance tracking.

News

Announcements and stories, pinned and published by staff.

Alumni Directory

A searchable roster of every graduate, by name or class year.

Mentorship

Graduates pair with current students and recent alumni.

Forum

Open discussion, moderated, organised by category.

Class Notes

A running record of updates from each graduating class.

Spotlights

Curated success stories, self-submitted or staff-featured.

ADMIN CONTROL & YOUR BRAND

Full control for your staff. Your identity for your alumni.

Member approval workflow

New registrants are reviewed and approved before they gain access.

Bulk roster import / export

Bring an existing alumni list in at once, or export the roster anytime.

Role-based staff access

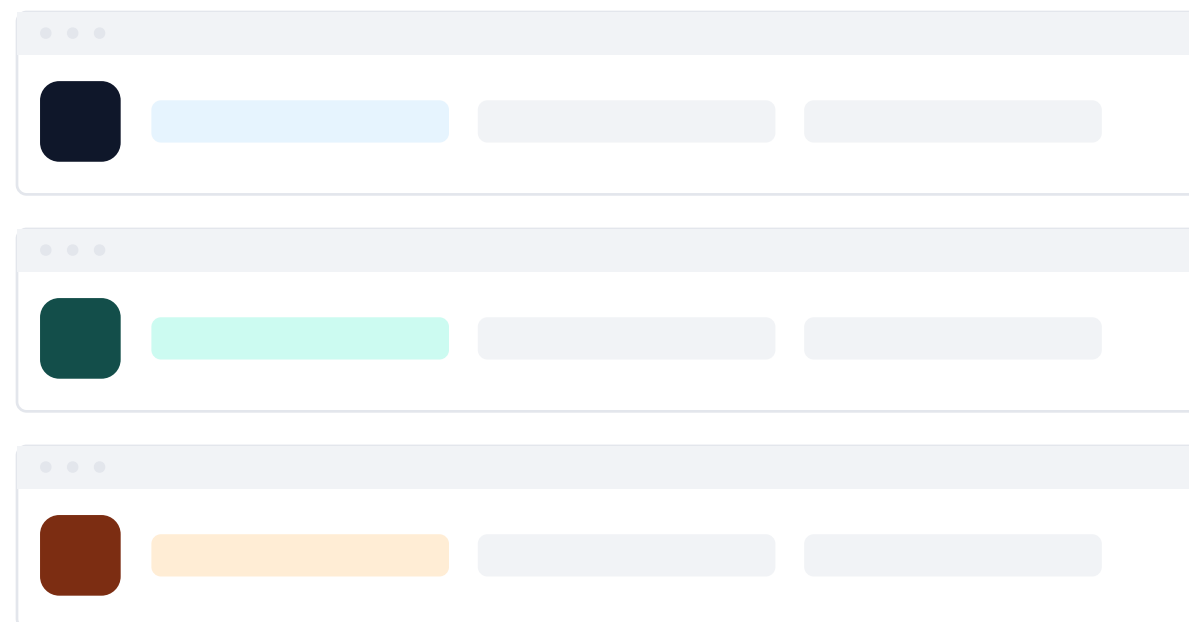

Admins can be scoped to their own assigned cohort or year-group.

One-click reporting exports

Members, contributions, events, jobs and campaigns, ready for the board.

YOUR PORTAL, YOUR BRAND

Illustrative — logo, palette and name apply across the whole member experience.

PROVEN IN PRODUCTION

Already live. Already working.

Live since 2026

Running today, not a concept or a prototype.

One platform

Dues, campaigns and community in a single system — no separate tools to reconcile.

Built for Ghana

Online payments, cedi pricing, and local support.

AlumUnion runs the **University of Mines and Technology (UMaT) Old Students Association** today — membership dues, fundraising campaigns and community, in daily use.

Live reference available on request — ask for a walkthrough at alumunion.com.

LET'S TALK

Ready to modernize your alumni association?

Send us a request on our website and we'll help you get your institution onboarded.

01

Send a request

Tell us a little about your institution on alumunion.com.

02

We set up your portal

Branded to you, with your roster imported.

03

Your alumni go live

Dues, campaigns and community, ready to use.
